San Diego, Calif.-based Access Destination Services was recognized as among the Top 100 Woman-Owned Businesses in California, coming in at number 24, by DiversityBusiness.com, a multicultural business website.

Access was also named to the annual listing of the Top 100 Small Businesses in California, at number 55. Nationally, Access ranked among the Top 500 in each category.

"It is truly an honor to be recognized among the top small and woman-owned businesses in the country," said Access CEO Christopher Lee, a certified destination management professional.

"Our affiliation with other diversity-owned businesses promotes idea exchanges that help us to grow our company and to continually keep in touch with the needs of our customers," added Access President Candace Bisconte, also certified.

DiversityBusiness.com ranks companies based on annual revenue figures. Small and diversity-owned businesses contribute over \$1.4 trillion in sales to the U.S. economy, according to the organization.

The winning companies will be honored at a special awards ceremony at the 7th Annual Multicultural Business Conference, taking place in April in Las Vegas.
