The Marina Bay Sands In Singapore Scheduled For 2009 Opening

SINGAPORE — Since August 2006, when the Las Vegas Sands Corp. (LVS) signed the Development Agreement to develop an integrated resort (IR) in Singapore, the company's Singapore-based executive team has made significant progress. Minister for National Development Mah Bow Tan and senior executives of LVS recently celebrated this momentum with an onsite ceremony with 100 guests and media. "This ceremony represents another step in a process that will result in the completion of an IR project that will enhance Singapore's position as one of the world's premier business and leisure destinations," said Sheldon G. Adelson, chairman and CEO of LVS. Upon its opening in 2009, The Marina Bay Sands will feature 2,500 five-star hotel rooms, 1.2 million square feet of flexible MICE space, one million square feet of leading-edge retail space and acclaimed restaurants, three large entertainment venues and LVS' successful premium player venue, the Paiza Club. For more information, visit www.lasvegassands.com.

Lee Receives Top ADME Recognition Award

SAN DIEGO, CA — ACCESS Destination Services CEO, Christopher H. Lee, DMCP, was honored as "Destination Management Professional of the Year," the top Recognition Award of the Association of Destination Management Executives (ADME) at the Second Annual ADME Achievement Awards for Excellence in Destination Management Gala Banquet, the closing event of the ADME 2007 Annual Conference held last month at the Westin Mission Hills Resort & Spa in Rancho Mirage, CA. The award recognizes an individual who has contributed time, dedication, leadership and knowledge towards the advancement of the destination management industry. A co-founder and past president of ADME, Lee said, "This is a profound honor, to be recognized by my peers in the industry. I am proud of what ADME has become and hope that this will inspire future leaders to make a difference as well."

Reinhart New Leader of ADME

LONG BEACH, CA — Ilene Reinhart, a partner in ACCESS Destination Services and leader of the ACCESS Los Angeles team, assumed the presidency of the Association of Destination Management Executives (ADME) at last month's annual conference at the Westin Mission Hills Resort & Spa in Rancho Mirage, CA. Reinhart's presidential theme is "Step Up to the Plate" because, she said, "there is so much about the spirit of baseball that extends to volunteerism within an association.
